EXPERIENCE

FULL STACK DEVELOPER INTERN
Baptist Digitek Pvt. Ltd. // Chennai, India // Oct 2025 – Nov 2025

- Rebuilt the corporate website of parent company Baptist Healthcare as a full stack developer, modernizing its design, structure, and codebase.
- Developed responsive pages and reusable UI components, and deployed the updated website to production.

PROJECTS

DUBASH EXIM ACADEMY – LEARNING & E-COMMERCE PLATFORM
Freelance // Shipped Sep 2026 // Next.js, Neon, Razorpay

- Built and shipped a Next.js platform where students browse and enroll in export-import courses via cart and checkout, with seat-limited batch admissions and a student dashboard.
- Developed an LMS with secure video streaming, lesson progress tracking, notes, Q&A, assessments, and certificates with public verification.
- Integrated Razorpay payments with server-side signature verification, PDF invoices, and refunds.
- Implemented session-based auth with email OTP password reset, transactional emails (order, payment, cart reminders), and an admin panel for courses, blogs, and ads.
- Set up SEO with prerendering, GA4, GTM, and Meta Pixel tracking; tested with Playwright and deployed to production on Hostinger.

MONOLITH ENGINE – ERP
Freelance // In progress // Next.js, Neon, Prisma, TypeScript

- Designing and building a modular ERP for a shipping and logistics company, covering CRM, HRMS, attendance management, appraisal management, and customs clearance.
- Owning the full lifecycle: client requirements, Neon database design with type-safe Prisma models, and development.
